12 Sector Updates? Who did you invite?
We filled Dawn into our 12 Sectors document, and planned for other sectors for members to reach out to. These people will reach out to the following organizations to join the coalition:
**Randy: Nutrition Coordinator’s husband may be able to fill the faith-based and food security sectors
**Dawn: Will reach out to 2 local mental health counselors and the VFW chapter to invite to the coalition

If you would like to send these people an invite to the coalition, and provide them with more information about the coalition, please give them this link to view the Boise County Health Coalition landing page: https://cdh.idaho.gov/bchc.php

Presentation on Student Family Assistance Programs
Connor gave an excellent presentation and overview of the SFAP program that CDH helped implement in Ada county schools. This program may be expanded and brought to Boise County schools if supplemental funding can be secured. Connor is already working on sustainability plan to continue the SFAP programming past the Dec 2024 funding end date.

### Review and discuss the CHANGE tool sample survey

Mindy created an example of the CHANGE survey that will be given to the various identified organizations, in hopes of gathering valuable information about the health needs of the community in an anonymous way. The following recommendations for changes were made about the survey:

1. Electronic delivery of the survey may work the best for some sites, as it has a higher likelihood of being completed and turned in.
2. On the survey, we want to collect information about where people reside not just the location of the site.

### Start plugging sites in to a sector site list

We started discussing and brainstorming sites for each sector. Sites within Idaho City and Garden Valley were covered, however, no input from Horseshoe Bend was added. Please view the following document and email Mindy to let her know which organizations in your community that you think we should contact and ask to participate in the CHANGE tool: [BCHC CHANGE Sector Sites](https://docs.google.com/presentation/d/1AaQJZO2nwi5WCOb9p3KLQYY148YXdp5uCbpzU6gU/edit?usp=sharing)

Please let Mindy know if you’re having difficulty viewing.

### Updates and announcements

Central District Health has approved funding for the next year to help support the facilitation of the Boise County Health Coalition. Hooray!

Heather Allan the CDH partnerships for success coordinator has successfully implemented a partnership with Horseshoe Bend schools to incorporate 3rd Millenium Classrooms into their substance use curriculum in return for providing drug test kits to the schools. Hooray Heather!
